Legacy Gift from 250th

The committee over the last several months has been discussing leaving a gift of Christmas decorations for the town. These will be stored in a container at the back of the DPW. Linda is still trying to get permission from Eversource to use there poles to run garland across the road. Linda has been in contact about purchasing cable and clips to be installed on the poles, if Eversource gives permission. This would cost \$800/\$1000. Mill Valley will not recommend anything as they don't want to be liable but will suggest what cable and clips to use. We also don't need a pad for the Christmas tree at Town Hall to sit on, it can be secured to the ground with a bend rebar. As there will no longer be a 250th Committee next year. The DPW and the Celebrate Ludlow Committee would handle setting up and taking down the decorations with a group of volunteers.
