

December 20, 2023

Meeting of Finance Committee held on Wednesday, December 20, 2023, beginning at 6:00 p.m. in the Selectmen's Conference Room, Town Hall.

Members present: Tony Sanches, Aneta Lombardi and Susanne Boyea

Members excused: Matais Goncalves and Dolly Cincone

Mr. Shawn Teece and Mr. Marc Strange were also present.

First Order of Business: The Pledge of Allegiance

At this time, Mr. Strange presented Level 1 budget summary. For 2025 prior year Levy limit is \$49,887,699 with 2.5% maximum tax revenue increase of \$1,247,192. New growth which is usually a 5-year average is expected to be at \$571,395. Local receipts have been pretty consistent, any overage will go to Free Cash (which is used to fund capital improvement projects). State aid has increased in the 1% range over the last 5 years and there were a couple of years where it decreased, so for now the state aid is estimated to be level funded. Budget increase is currently at approximately \$1.8 million. Retirement contributions for the town and school are expected to increase by \$400 thousand (based on 5 year average) and health insurance costs for both the town and school is anticipated to be at \$1 million (average increase of 8%); actual numbers will be known by the end of January. Contractual increase for trash collections is \$143,573 and contractual town salary increase is at \$377,021. After adding up the increases mentioned above, we're above the \$1.8 million increase. Currently we're \$2.6 million over the levy capacity; this number will continue to go down as it includes all budget cuts are being made. The town is looking at possibly increasing fees for next year as compared to other communities our fees are lower. The Level 2 budget is due to the BOS and Finance Committee by January 12<sup>th</sup> and should be presented at the next Finance meeting.

Following level 1 budget discussion, Mr. Strange presented an overview of Capital Improvements Project committee requests – 5-year plan. The estimated Free Cash beginning balance will be \$4 million. Projects include:
