a. Debrief of Commission Events this past month

- Legislative Breakfast-talked about our event, highs, and lows, and how we can improve for the future. Did pretty darn good for the last minute and hustled it all together!
- Public hearing- no one came even though we did have some people confirm. The last hearing was a lot of people and we think it was because of location and commissioners that we had at the time had a large base of women and girls to attend. Also may be better at a different time because there were a lot of events that day. Suggested doing fall or early spring instead.
- Advocacy Day- didn't discuss this at this time because Jackie is the only one able to attend.

VII. New Business

a. New Commissioner Updates- Everyone we recommended to the commission was approved. Tina sent the offer letter to them last week. Jazmine and Stephanie from Springfield, BeckyJean from West Springfield, and Sasha from Holuyok, and all accepted the position. They need to get appointed and do their training. Suggested inviting them to the July meeting to get familiar. We go on break in August. Need to find out if elections for leadership need to be done this year.

b. Regional survey distribution brainstorm/plan- link to the survey
