**Change of Occupancy - Chris Pelletier (The Watch Wellness Group, Inc.) – 104 Moody Street  
(from engineering services to wellness center) (taken out of consent agenda)**

Mr. Phoenix remarked that he had concerns over the change of use for the property about an increase in traffic. Mr. Stefancik said that the site plan on file shows 116 parking spaces with 6 handicap spaces, and that it is part of a complex comprised of three separate buildings with ample parking. Coelho stated that he has been to the property several times and that there is more than enough parking at that location, and that he feels that this new business will be a lot less impactful from a traffic and a business perspective.

Mr. Phoenix: Why don't we handle it separately, and just understand that if there's any issue that does come up as a result of the parking on the off chance that does happen, they're gonna have to come in and update the site plan and call things out a little bit more clearly. So, I'll make a **MOTION** to approve the Change of Occupancy on that condition.

He also said that he explained to Mr. Fradette that if he intended to change the use at all or do anything other than that what it currently is (office space), that he would need to come in and update the site plan.

Mr. Phoenix: I'll make a **MOTION** to approve the Change of Occupancy.

Mr. Coelho read the legal notice, reviewed the application, advised the public that the meeting is being recorded, and gave the applicant a copy of the Turley Publications invoice. The legal notice included the description of: estate lot.

Mr. Coelho: Right now, I am going to, well first of all, Mr. Frydryk or Sherman, who's here?

Mr. Riopelle: Don Frydryk.

Mr. Frydryk: Don Frydryk.

Mr. Coelho: Ok Mr. Frydryk, I thought so. Why don't you give us another description on, well this is just a...

Mr. Queiroga: It's the same two, yeah.

Mr. Coelho: ...this is the same as last. Well for the record, why don't you just go through it again, this way we have it in the record.

Mr. Frydryk: Sure. Again, it's proposed Lots 1 & 2 on the westerly side of Moore Street. Lot 2 is an estate lot with the reduced frontage and more than double the area of the required lot in this district. Lot 2 is a standard, or sorry, Lot 2 is the estate lot, Lot 1 is the standard lot. We do have a driveway plan which was also a Notice of Intent plan that shows the access to the rear portion of the lot. We're obviously looking for your approval of special permit that we meet the requirements for the estate lot.

Mr. Coelho: We have a memo here, I'm gonna go into reading comments from other boards and departments. Memo from the Planning Board, specifically Doug, says the site plan meets all

the requirements for estate lot. The Assessors have no comment. Name and title, they wrote Assessors on this? I like names and titles. I did this with DPW. You know, it doesn't matter here, but you know, I think if you're gonna sign something we need a name on it. Board of Health.

Mr. Stefancik: I'll tell Maria.

Mr. Coelho: All set with the Board of Health. No comments or concerns, Andrea Crete, Health Agent. *To whom it may concern, this is from the Fire Department: The special permit for the estate lot has been reviewed for compliance and the Ludlow Fire Department has no requirements at this time. Please note any omissions or missed items during this plan review does not relieve the owner or contractor from meeting all applicable codes laws, regulations, and standards as they apply to construction, maintenance, or use of this building. Please feel free to contact this office if you have any questions or concerns regarding this matter. Respectfully, Captain Seth M. Falconer, Fire Prevention Officer. The Department of Public Works: Access strip appears to go through wetlands. See Ludlow Conservation Commission and follow instructions on work. Jim Goodreau, Assistant Town Engineer. I'm assuming you're near wetlands, so you probably have had...*

Mr. Riopelle: Correct. --- right there.

Mr. Coelho: Have you spoken with the Conservation Commission yet?

Mr. Riopelle: Yes.

Mr. Coelho: And they've...

Mr. Frydryk: We do have an Order of Conditions issued for the project already

Mr. Coelho: Ok, so that's good. And you're, that's documented, and your guys are gonna comply.

Mr. Frydryk: Yup.

Mr. Phoenix: I'm pretty sure this goes without saying, or at least it should, but just so that it's part of the record, the plan as submitted meets any and all criteria that are part of that Order of Conditions, correct?

Mr. Frydryk: They issued the Order of Conditions based on our plan, so when they do the construction they will have to meet all the requirements of the Order of Conditions.

Mr. Phoenix: Ok, thank you.

Mr. Coelho: Ok, so that's all the comments from other boards. I'll take any questions from the Planning Board at this time.

Mr. Phoenix: I don't really have any questions, I'm glad that we were able to hear from the applicant as far as what the outcome was with ConsCom. The only concern that I have is that we don't have any documented from them, but considering they didn't submit anything to us, that's

kind of taken as no comment. So, a little bit of a grey area for my comfort level, but it is what it is. Just would have been better to get comments back.

Mr. Coelho: Duly noted. Being a public hearing, I'm gonna open this up to the public. If anybody has any questions for the applicant, please address them through the Chair. Does anybody, state your name and address as well before you ask. No questions here, is there anybody on the phone that has any questions or comments? Once again, anybody on the phone have any questions or comments? Hearing none, I'd be willing to entertain a motion to approve the special permit for the estate lot.

Mr. Queiroga: Mr. Chairman?

Mr. Coelho: Mr. Queiroga.

Mr. Queiroga: I **MOVE** to approve the special permit for Mr. McLaughlin at Parcels 19 & 20 under 7.o.4 a-m with the condition that the special permit will run with the property and not with the applicant.

**SECOND** Mr. Carpenter.

**5-0 in Favor.**

Mr. Coelho read the legal notice, reviewed the application, advised the public that the meeting is being recorded, and gave the applicant a copy of the Turley Publications invoice. The legal notice included the description of: two estate lots.

Mr. Coelho: And again, for the record, why don't you describe what you're doing over here. Now we're in a public hearing, so.

Mr. Engwer: I bought the parcel to erect a single-family home for me and my family and upon doing so, I was speaking with Mr. Sosa and he would like to do the same. So, we would like to divide off a piece I can deed to Mr. Sosa, which is him, and he will also put up a single-family home.

Mr. Coelho: Ok. Alright, now I'm gonna go ahead and let everybody know that the application here is filled out in full, the fees have been paid. The Conservation Commission: *Any building lot on D1 within 100 feet of the wetlands will need a Notice of Intent.* So, you'll need to include the Conservation Commission before you start building.

Mr. Engwer: Right.

Mr. Coelho: Memo from the Town Planner, Doug: *The site plan meets the requirements for the estate lot.* Assessors have no comment. Once again, name and title is Assessor. Does anybody on the Planning Board have any questions for the applicant? Hearing none, I'm gonna open this up to the public for comment because it is a public hearing. Does anybody here like to speak?

Mr. Maloni: Yeah, I have a question.

Mr. Coelho: You're gonna have to state your name, address.

Mr. Maloni: Jeremiah Maloni, 1173 Lyon Street.

Mr. Coelho: Ok.

Mr. Maloni: Is it the plot of land in the back to the left, that part of it?

Mr. Coelho: Why don't you go up there and describe for the people that haven't had time to digest these drawings.

(multiple people talking about location of parcel on plan)

Mr. Maloni: What's the deal with the setback on the driveways?

Ms. Houle: For estate lots?

Mr. Maloni: Yeah, I mean, just 'cause, you know, I'm right here.

Mr. Stefancik: They need to be ten feet from, for a driveway from the other parcels. They need to be twenty feet, a twenty-foot setback as a side yard.

Mr. Maloni: Ok.

Mr. Coelho: And that's what that line indicates.

Mr. Engwer: This line's a forty-foot buffer.

Mr. Stefancik: And if it's forty.

Mr. Coelho: Those lines are forty?

Mr. Engwer: Forty.

Mr. Coelho: So, they went over and above our specifications.

Mr. Maloni: Alright, that was my question 'cause I had three people trespassing today from the estate lot back there. So, I don't know if it was you guys or someone else.

Mr. Engwer: We ran over there today, but.

Mr. Coelho: Ok, Mr. Sosa?
