Documents included: Draft 6.11 Adult Use Marijuana/Cannabis Establishments and Medical Marijuana Treatment Centers; Table 1 Ludlow Table of Principal Uses

Condos 55+

Mr. Carpenter said that he's been in talks with some community members around town, along with some of the Board of Selectmen members, and that they floated the idea of an amendment to a current subdivision bylaw to add more over 55 subdivisions in town. He said that it would be good for the tax base with no additional children being added to the school systems. Mr. Carpenter noted that a lot of the residents over age 55 are moving out of town due to the lack of condos available in town.

Mr. Stefancik said that Belchertown has a 55 and over on their residential uses which is allowed through site plan / special permit. He said that maybe the housing production plan can also piggyback up into

this with included affordable housing. Mr. Coelho said fi we can find a way for it to count towards the housing production plan with a special bylaw, that would make sense.

Mr. Carpenter commented that new economic development bill that just passed through the statehouse last week, there was a mention of a new smart zoning called 40Y. Mr. Stefancik said that he could ask PVPC to come to talk to the Board about that.

TOWN OF LUDLOW

The hearing began at 7:02 p.m. in the Selectmen's Conference Room.

Due to technical difficulties, the audio/video didn't start recording until after the public hearing was closed.

In attendance: Michael Goncalves, Dan O'Brien

Mr. Queiroga read the legal notice and gave the applicant a copy of the Turley Publications invoice. The legal notice included the description of: Divide an existing 4.37 acre parcel into two new lots, each containing an existing residential structure, as per submitted plans. Lot 1 will require a waiver of frontage from 140 to 110 feet.

Mr. Queiroga read the comments from the Building Department, Fire Department, Assessors, DPW, and the Conservation Commission.

Mr. Coelho advised the public that the hearing is being recorded.

Mr. Goncalves explained that there are two houses and a business on one parcel and that they need to separate out one of the houses along the fence line.

Mr. Queiroga read the justification for the waiver as noted on the application:

- 1. How would the requested waiver be in the public interest? Granting of the waiver would allow for the home located at #158 Munsing Street to sit on its own lot, enclosed by existing chain link fence and be separated from the current construction related activities on the remaining portion of the premises.*
- 2. How can such a waiver be granted without deviating from the intent or purpose of the subdivision control law? Under Section 4.0.4 of the Zoning Bylaw and also Chapter 40A, Section 6 of the Massachusetts General Laws, provision is made for the division of a parcel of land on which more than one house exists.*

Mr. Coelho **MOVED** to approve the Waiver of Frontage for Michael Goncalves at 170-172 (aka 158) Munsing Street because it is in the public interest and consistent with the purpose and intent of the Subdivision Control Law for the reasons stated in the application 1 & 2.
