Mr. Queiroga read the comments from the town departments, Planning Department and Conservation Commission had no comments. DPW noted that any upgrades to the drainage infrastructure system and First Avenue pump station will be at the cost of the developers.

Mr. Stefancik remarked that they met all the criteria and they are asking for two waivers: Section III A.4.a Dead end streets shall be no longer than one-thousand (1,000) feet, unless in the opinion of the Planning Board, a greater length is necessitated by topography or other conditions; and Section III A.2.a The minimum width of street right-of-way's shall be fifty (50) feet. Greater width may be required by the Planning Board when deemed necessary for present and future vehicular travel.

He commented that this is an 80-acre parcel of land to the east of First Avenue, south of State Street and the Ludlow Country Club, and north of the Chicopee River, with a 100-foot vegetative buffer all along State Street. Mr. Fagnand said that the proposal includes Millside Drive which is an approximately 1,800-foot road that exceeds the 1,000-foot dead-end length and includes four proposed future development lots to the north of Millside Drive, and a remnant parcel to the south side which contains natural resource areas. Mr. Queiroga read the legal notice, gave the applicant a copy of the Turley Publications invoice, and advised the public that there are cameras recording. The legal notice included the description of: catering business.

Mr. Queiroga: There's no comments from other town boards. Ok, you have a picture, was that the blue house?

Mr. Carpenter: No.

Mr. Queiroga: Mr. Lucas, tell us what you would like to do.

Mr. Lucas: Just, there's going to be like a little office. There's no commotion there, maybe, there's gonna be somebody going there twice a month.

Mr. Queiroga: Ok.

Mr. Coelho: You're not gonna do any cooking there?

Mr. Lucas: No.

Mr. Nelson: No, we're just gonna park one truck there.

Mr. Lucas: Yeah, I got a big back of the driveway, so ---.

Mr. Nelson: He parks it there half the time anyways now, so.

Mr. Coelho: What size truck is it? What's the weight?

Mr. Nelson: It's a step truck.

Mr. Coelho: You guys know the weight?

Mr. Nelson: Yeah, I got it on the thing, 10,000.

Mr. Lucas: It's there now.

Mr. Coelho: It's ten even.

Mr. Queiroga: Even.

Mr. Coelho: That's what they got written down anyways. Is that what it says on the door?

Mr. Nelson: Yeah.

Mr. Queiroga: It's half yes and half no, right?

Mr. Coelho: I don't know. It depends on what the law says. If it says over 10,000 then I think 10,000's good. If it says 10,000 or over, you know, it's rocking the fine line. I don't know. What's the bylaw say, over 10,000 or 10,000 and over?

Mr. Stefancik: 10,000 is the limit.

Ms. Houle: Is the limit. So, it can go up to 10,000, 10,000 GVW.

Mr. Stefancik: Not more than 10,000.

Mr. Coelho: Not more than 10,000, ok.

Mr. Queiroga: Don't put anything heavy.

Mr. Nelson: Well, when I get in it, it's probably 10,000.

Mr. Coelho: No, just what the door tag says in the Registry.

Mr. Queiroga: Ok, so you're gonna, you're not having any employees at the house?

Mr. Lucas: No.

Mr. Queiroga: And I saw your house, I know where you live. Questions from any members of the Board for Mr. Lucas? Was there a little drawing of what their office was? Was it just a little table or?

Mr. Nelson: Just that sunroom area, that's where the desk is.

Mr. Lucas: I think he --- the sunroom.

Mr. Queiroga: That one?

Mr. Nelson: See the sunroom?

There won't be any commercial vehicles because again, I'm just starting, only my personal vehicle and my wife's personal vehicle. It won't be any equipment or anything like that at the location.
