Sean McBride stated that he met with Steve Santos, BPW Chairman concerning parking inside Whitney Park that is being discussed within their board. This would require eliminating 1 or 2 tennis courts for the entrance/exit to the parking area that would be between the tennis courts and the butler building. He stated that he felt that it would not be a good idea as the tennis courts are used by a league, the public and the summer program. He doesn't feel that taking any recreational or green space to benefit a parking area would be better suited as a parking lot. This would cost the town money as it would have to be fenced in to prevent cars from using the entrance to the park as another means of exiting or entering the parking area.

Jason Martins **motion** to adjourn at 7:45pm. Don Cameron second. **PASS 3-0**
