REPORTS:

Golf Professional – Bill Kubinski

Since our last meeting we have gotten a better response from Golfnow and are working with the New England sales rep out of Vermont. Things are coming together and should be ready by the end of the week to open. We have been getting calls inquiring when the course will be open, potential tournaments and events for 2024, and season passes this year.

Superintendent – Ryan Linton

We took delivery of the new fleet of golf carts last Friday; everything is fueled up and ready to start the season. Joe Dias has returned as a seasonal starter and came in two days last week to help us get cleaned and organized around first tee and cart barn along with helping fuel all 74 golf carts. The new underground propane tank was installed last week by Amerigas and after some confusion regarding permitting it was installed with all proper permits from both the Fire Department and Building Department and passed both inspections. We plan on having the course ready to open on Friday March 15th.

Sean McBride: I will entertain a motion to open on Friday March 15th?

Grounds & Course Maintenance- Panek: I've met with Ryan to discuss the most common complaints/suggestions that I hear when at the course. I would like to see the senior tees on #3 & #17 along with the white/blue tee on #2 re-sodded at some point this spring. Besides that there have been suggestions that we change hole locations more frequently/7 days a week.
